

Propio's Equipment Program

Premium phones, tablets, and stands, suited to your needs and preferences.

Key features included with our stands:

- Adjustable tablet enclosure with lock for added security
- Concealed cable management system
- Tip resistant base
- Mountable speakers
- Articulating arm for height adjustment
- Compatible with any tablet
- ISO certified design

Dual-handset phones

Cordless and corded options pre-programmed with your most commonly used languages.

Equipment ready

All equipment is shipped directly to you. We'll send our experts to set it up and train your users.

Cutting-Edge Technology at Your Fingertips

Propio's clients receive hospital-grade equipment.

Propio has partnerships with leading manufacturers that build world-class equipment, which is delivered hassle-free and installed as part of our onboarding process.

Improve Patient Satisfaction

Access to high-quality equipment improves the patient experience.

The Propio difference lies in providing a customized experience, world-class equipment, and employing a hands-on approach to meet your organization's language service needs.
