

Translation Instructions for Fresenius Medical Enterprise

Propio partners closely with Fresenius Medical Enterprise to ensure quality-driven and cost-effective written translations in over 235 languages. Propio's Vu Translation Management System serves as FMC's secure translation portal available for 24/7 translation quoting, project approvals, and status tracking.

Getting Started

Create a Profile

- To start submitting translation requests you will need to first reach out via the FMCTranslations@propio.com alias and request access to Vu. Please provide your location, address, email and phone number.

Support & Resources

- FMC Resource Hub:**
<https://propio.com/fresenius-medical-care/>
- FMC Dedicated Translation Support Team**
FMCTranslations@propio.com

Activate Your Account Profile

- You will then receive user credentials and instructions to activate your account profile.
- When you have your account credentials, go to <https://vu.propio-ls.com> and update the temporary password within 48 hours.

Submit a Translation Request

- Now that your account profile is activated, you can send a translation request anytime by logging into Vu and going to the "Orders" tab.
- See Vu User Guide for additional support on the process.

For all your translation needs, Propio is here.

For questions, project support or additional service requests contact
Propio's FMC Dedicated Account Team at FMCTranslations@propio.com.
