

propio **ANALYTICS**

The central hub for your language data

Through Propio Analytics, we provide detailed and customizable reports that showcase every detail of your interpretation minutes—in real time.

Track performance, spend, billing, and trends, or manage invoices and accounts all from one easy-to-view dashboard.

Monitor usage across multiple locations

We make it easy for you to see all of your data in one dashboard—even if you have multiple locations or agencies.

**Make informed decisions
with customized data**

**Experience real-time
data tracking**

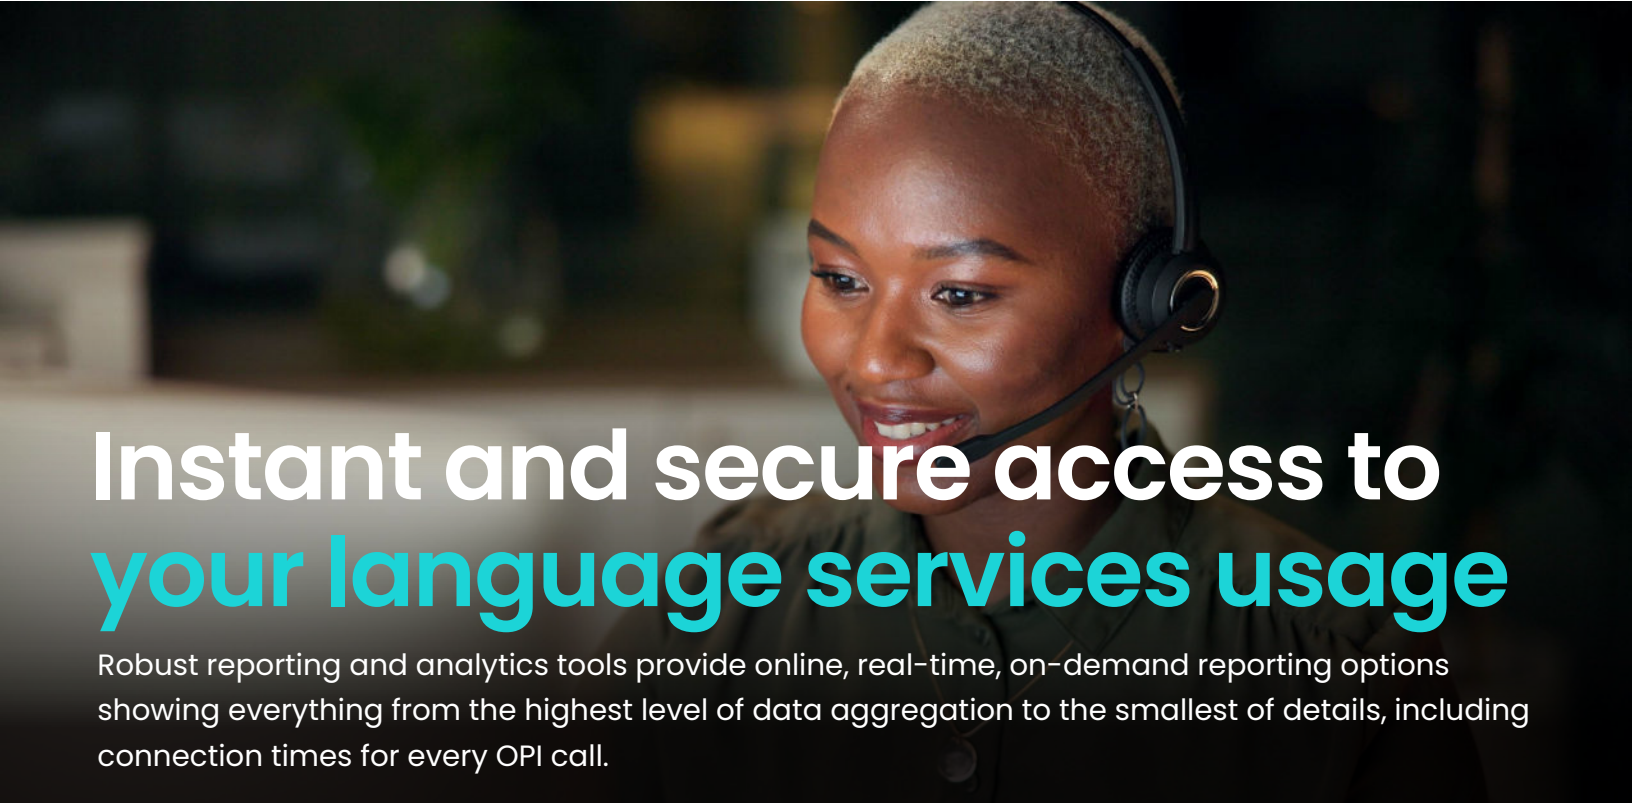

**Completely customize
your dashboard**

**Easily export reports to
Excel or PDF**

Instant and secure access to your language services usage

Robust reporting and analytics tools provide online, real-time, on-demand reporting options showing everything from the highest level of data aggregation to the smallest of details, including connection times for every OPI call.

Additional key metrics include:

Interpretation minutes

Minutes by modality

Minutes by language

Number of calls

Satisfaction rating

Number of minutes

Connection speeds

Total spend

Each client is able to customize the data they view on their dashboard enabling viewers to make the most actionable and informed decisions based on the real-time data they review.
